About W2

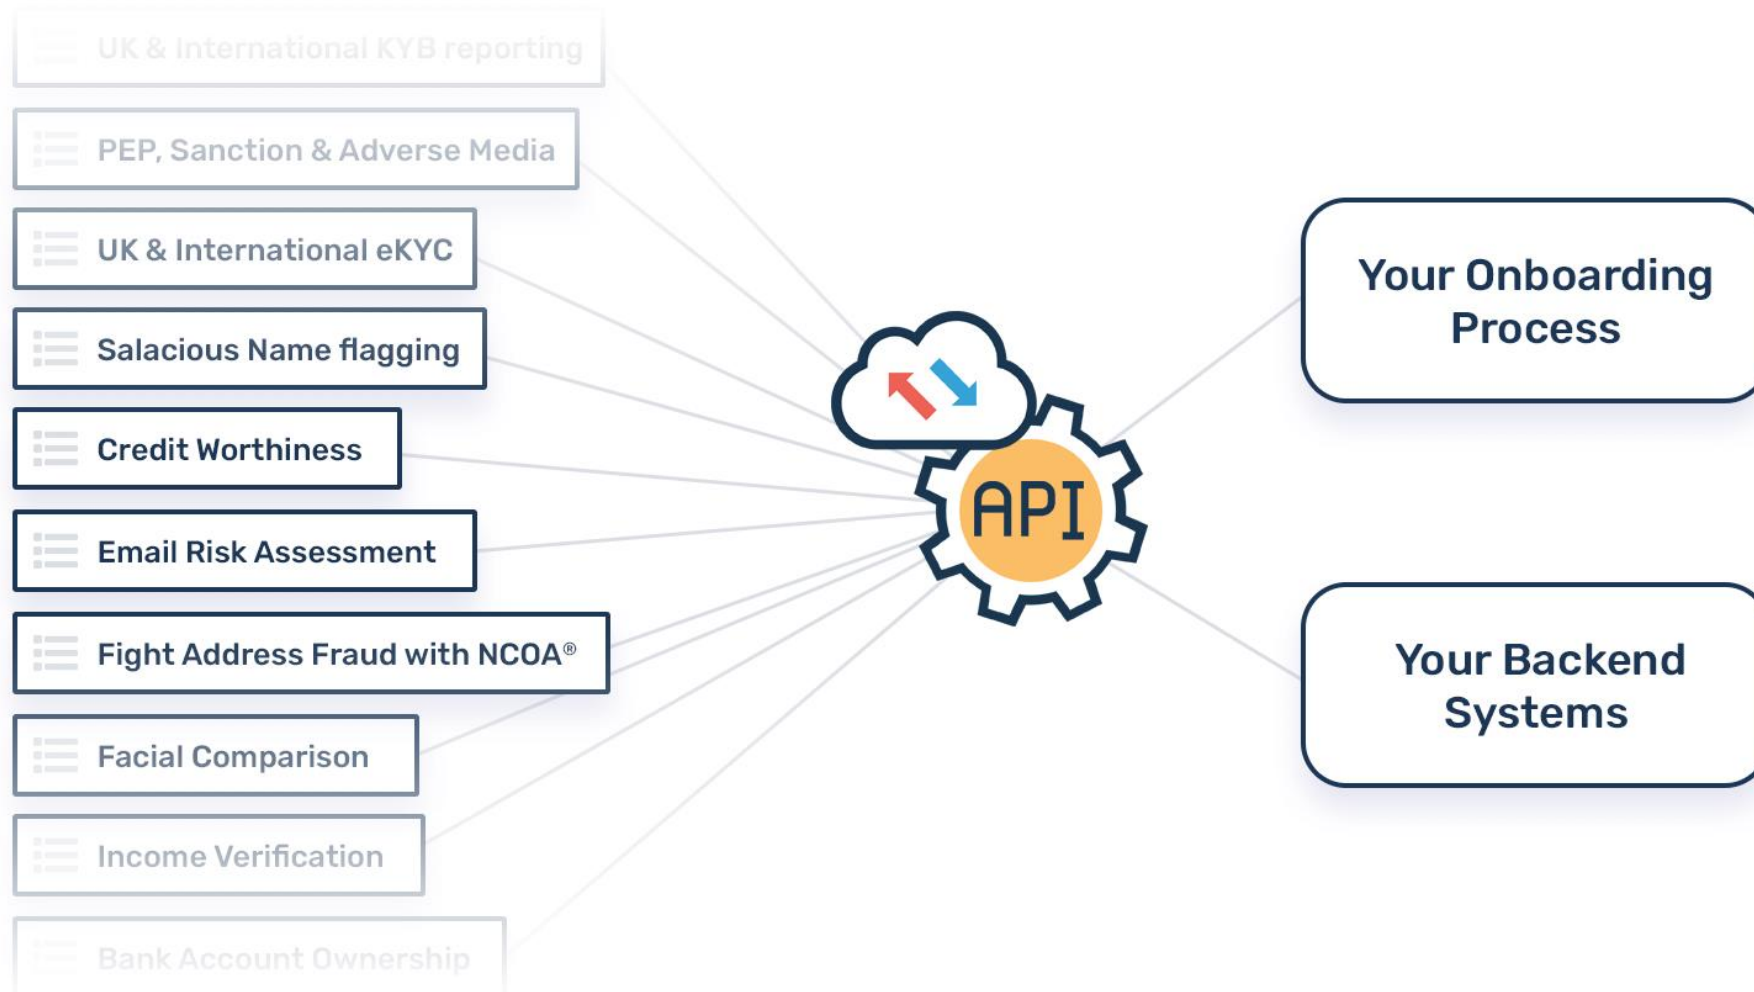

- W2 provides real-time solutions that simplify the global regulatory compliance requirements for mobile and digital transactions via a single API integration.
- Formed in the summer of 2011, UK based PLC.
- International client base, managed from **Newport HQ**.
- Global coverage ... 100% Cloud ... 99.9% uptime.
- **200M transactional 'checks' per month (and growing).**

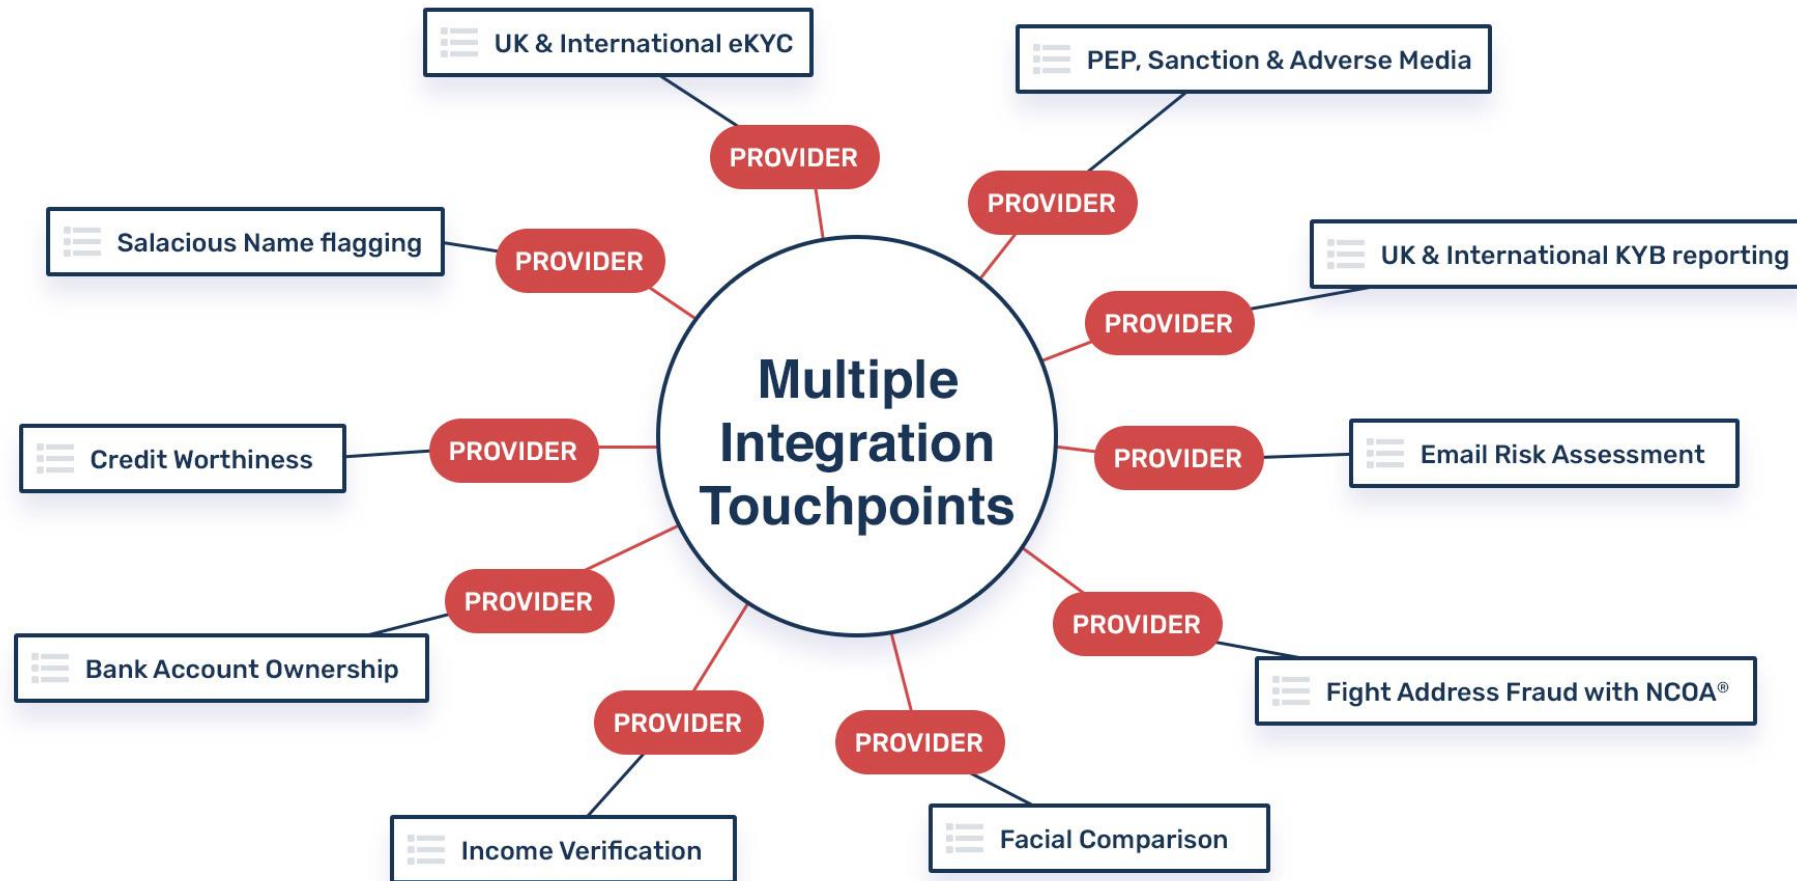

Technically, just one API keeps it simple

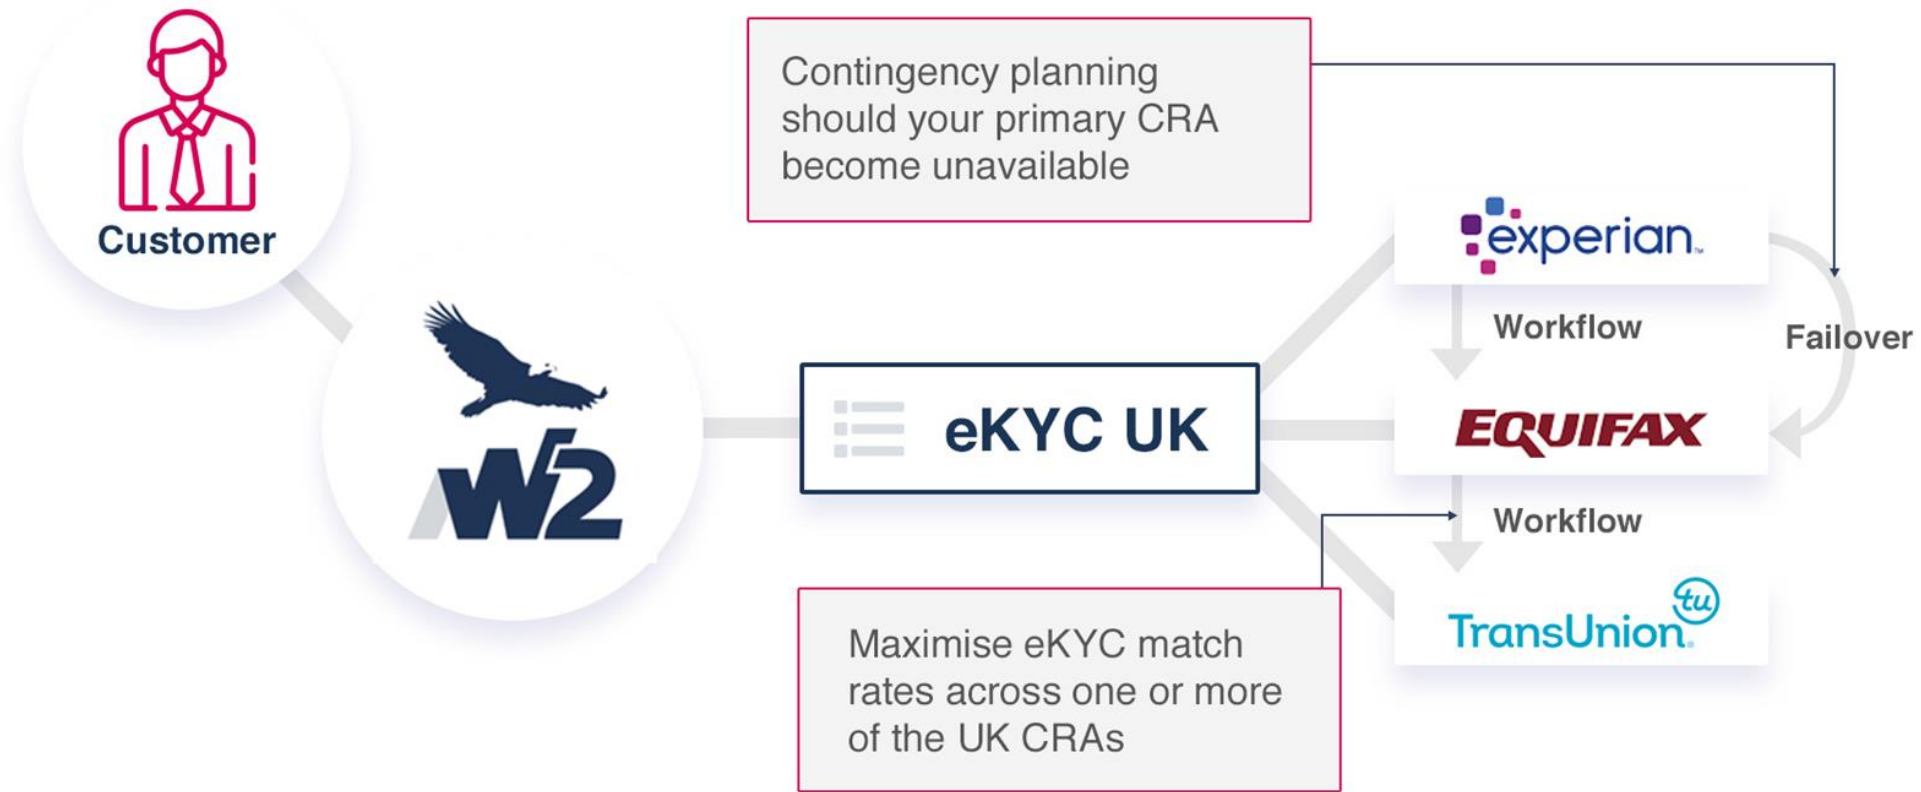

Commercially, just one contract keeps it simple

Operationally, just one invoice keeps it simple

Thank you!
